

Governance Improvement Plan 2017/18

Following the FEA Governance Review and GSAR 2016/17 approved by GB in December 2017 the Governing Body agreed three areas for improvement:

	Improvement	Target	Action	Action owner	Progress to date (RAG)	Completion date
1	Improve strategic insight, having a focus on key issues or “game-changers” impacting the College.	- Revise the Agenda of Governing Body meetings to place much greater time and focus on items aligned to long term strategy	1. Digitise all board papers including sub-committees to make them more easily available the whole GB (hence reducing time spent informing). 2. Revise Agenda to increase strategic focus	Clerk Chair	G G	Completed. Ongoing
2	Further develop the long term mission and strategic focus of the College.	- Update the long term mission and focus to reflect the evolving needs of the local community (students, employers and wider stakeholders)	1. Realign the long term strategic mission and focus document to reflect the GB strategic away-day discussions and prepare an updated draft document for discussion.	Chief Exec & Principal	G	September 2018
