

Access to Higher Education in Humanities & Social Science

CAMPUS	MAIDSTONE AND MEDWAY
TYPE OF COURSE	FULL-TIME
COURSE LENGTH	ONE YEAR
APPLICATION METHOD	MIDKENT COLLEGE WEBSITE
VALIDATED BY	LASER

THE DETAILS

The core modules include English Literature, Sociology and Psychology. These modules encourage academic rigour and debate as students consider the use of language, the impact of society on the individual and the way in which individuals think.

English Literature covers modern and classic texts, including Shakespeare, poems from the First World War and One Flew Over the Cuckoo's Nest.

Sociology involves the study of competing theorists on the most influential aspects of sociology. This includes topics such as crime and deviance, the role of the media and an insight into the two most significant sociological theories of positivism and individualism.

Psychology includes a range of academic topics including criminal profiling, the way in which human behaviour is influenced by external factors and obedience and conformity. You will use a wide range of research methods to examine how psychologists have reached their conclusions.

ENTRY REQUIREMENTS

You must have a grade C/grade 4 in GCSE English and maths, and pass our internal assessments in English and maths at interview. For English and maths you must be working at level 2 (GCSE level) in order to start the level 3 Access course. Entry to university may require GCSE English and maths.

FUTURE PROSPECTS

Our Access to Higher Education students have gone on to study degrees including Psychology, Philosophy, Criminology and other degree programmes associated with Social Sciences. A higher education course could be your first step to a full degree course at university, offering you increased earning power and career prospects.

OTHER IMPORTANT INFORMATION

- > Access to Higher Education courses are ideal for students aged 19 and over who wish to study a degree but lack the formal entry qualifications universities are looking for
- > They teach the study skills you will require in higher education such as academic writing, referencing, note taking and presentations, as well as core modules in your chosen area of study
- > You will also receive help and support with the university application process.

CAREER OPPORTUNITY

A natural or social science professional n.e.c. in the Maidstone and Medway area can expect to earn on average £20.38 per hour.*

Access to Higher Education in Nursing and Healthcare Professions

CAMPUS	MAIDSTONE AND MEDWAY
TYPE OF COURSE	FULL-TIME
COURSE LENGTH	ONE YEAR
APPLICATION METHOD	MIDKENT COLLEGE WEBSITE
VALIDATED BY	LASER

THE DETAILS

This course is specifically designed to prepare you for a degree in healthcare-related professions. Subjects studied include Biology, Psychology, Professional Practice and Medical Calculations.

Biology offers you an insight into the scientific processes which underpin medical care. You will study units on the cell, the development of disease and nutrition. In Psychology there is a focus on different approaches to human behaviour. You will study theories such as behaviourism, the 'nature versus nurture' debate and abnormal psychology.

Professional practice focuses on applying the theories of medical care at work to further develop your understanding of what makes an outstanding healthcare professional. Alongside these are modules on study skills which teach you academic skills transferable across topics as well as being given guidance on your Extended Project which allows you to investigate a particular area of interest to yourself.

These modules offer you a fantastic insight into the theory of healthcare provision and an understanding of the recipients of that provision, allowing you the chance to explore the impact of medical care in both local, national and international settings.

ENTRY REQUIREMENTS

You must have a grade C/grade 4 in GCSE English and maths, and pass our internal assessments in English and maths at interview. For English and maths you must be working at level 2 (GCSE level) in order to start the level 3 Access course. Entry to university may require GCSE English and maths.

FUTURE PROSPECTS

Our Access to Higher Education students are welcomed by universities for enrolment on a number of degree-level courses. A higher education course could be your first step to a full degree course at university, offering you increased earning power and career prospects.

OTHER IMPORTANT INFORMATION

- > Access to Higher Education courses are ideal for students aged 19 and over who wish to study a degree but lack the formal entry qualifications universities are looking for
- > They teach the study skills you will require in higher education such as academic writing, referencing, note taking and presentations, as well as core modules in your chosen area of study
- > You will also receive help and support with the university application process.

CAREER OPPORTUNITY

A nurse in the Maidstone and Medway area can expect to earn on average £17.43 per hour.*
